DATE : 07 February 202

SUBJECT: **PISA Student List Verification and Computer Inventory**

We are getting close to being able to draw the PISA students from the sampled school(s) in your Divisions for the **PISA 2022 Main Survey (MS)**. As part of the sampling process, we have pre-identified all PISA-eligible students ***(Attachment 2)*** from which the PISA students shall be drawn. The prepared lists must first be confirmed by the **School Heads (SHs)** and **Division Testing Coordinators (DTCs)** before we can draw the students who will sit in the test. ***Attachment 1*** contains the detailed instructions for this task.

In addition, because PISA 2022 MS will be administered as a computer-based assessment (CBA), it is crucial that the computers of the sampled school shall pass the minimum computer requirements for PISA. As such, the **Information Technology Officer (ITO)** of your Division, together with the **DTC**, is requested to conduct a computer and internet inventory of the sampled school(s) and complete the *Computer and Internet Inventory Form* ***(Attachment 3).***

After accomplishing these tasks, the DTC shall submit the completed forms to the PISA National Center (BEA) on or before **14 February 2022** through email at **pisa2022phl@gmail.com**. Use the subject line:

[SCHOOL NAME] PISA 2022 MS_LST_COMPINV
(e.g. [MANILA HIGH SCHOOL] PISA 2022 MS_LST_COMPINV)

For questions and clarifications related to these tasks, you may contact Mr. **Alexander A. Sucalit Jr** from the National Center at (02) 8631-2591 or email pisa2022phl@gmail.com.

Thank you for usual support to the Department's projects such as this.
